I am blessed to have roots that run deep in Manoa's soil. Having been blessed by being raised here, I feel the obligation to nurture Manoa's physical and cultural gifts to Hawaii, to give back by serving Manoa and you, the people who live here.

We must remain proactive to protect and preserve our special way of living. We must work together to address our common concerns about education, our economy and traffic. We must also remain aware and vigilant about crime. Many Manoa residents are unaware that recent arrests have shown we too are vulnerable to the ever present "Ice" epidemic.

My primary objectives are to create a more business friendly Hawaii with a strong economy powered by our local industries, stop waste and mismanagement of taxpayer money, legislation that helps law enforcement fight crime and education reform that increases funds to schools, strengthens principals' authority and accountability and supports charter schools to give parents a real choice in public school education.

Life offers us challenges. My challenge is a simple one -- dedicate myself to serving Manoa by serving you. Together, we will nurture the Manoa roots that help to make Hawaii so special.

I ask for your support and your vote in my campaign to serve you as Manoa's representative and to continue my work for you on behalf of the Manoa community we all love.
